THE ROAD MAY NOT BE CLOSED

Supt. Rourke of B. & M. Makes Inspection Today--Original Order Was to Close Today

Superintendent John Rourke of the Boston and Maine railroad was here today and with Superintendent Grant of the local electric railway, made a tour of inspection of the Greenland line. This line was to have been suspended with the last trip tonight, but by arrangement with the Citizens' Materials Company, who own the road, a suspension of the order has been obtained.

Mr. Charles H. Brackett of Greenland has been in Boston in conference

with Superintendent Rourke to whom the matter had been referred and he succeeded in obtaining a suspension of the closing order until a more thorough investigation was made. It is possible that the Materials Company will make some proposition to the company so that the road may be kept running, as it is figured that when the New England Steel and Ordnance Company gets going in full blast that there will be great need of the road, as the growth of the city is sure to extend out in that direction.

CHRISTMAS CLUB HAS BEEN A GREAT SUCCESS.

Has Over 3,000 Deposits Amounting to More Than \$60,000.

The third annual Christmas Club of the Portsmouth Trust and Guarantee Company will close on Tuesday, December 7th, and no payments will be received after that date. Checks amounting to more than \$60,000 will be mailed to the 3,000 members on Dec. 15th.

The 1915 Christmas Club has been a wonderful success and another for 1916 will be opened on December 27th.

The Christmas Club is no longer an experiment. Its phenomenal but continuous growth has proved it to fill a long felt need. Its members are counted by hundreds of thousands; the amounts saved by millions. It is one of the most notable and encouraging movements of the times.

YOUNG TURKS RESPONSIBLE FOR MASSACRE

Armenians Held Out at Tiflis and General Order Issued for Massacre.

(Special to The Herald)
Rome, Nov. 30.—It is the Young Turks who are responsible for the Armenian massacre that has practically destroyed the Armenian race. The Armenian prelate who was quoted yesterday as saying that over 950,000 have disappeared, said the Young Turks had given out that the intention of the Armenians was a precautionary measure. He wanted the world to believe that the Armenians would take advantage of the war to rise against the Turks and help the Russians. Last April when the Russians took the offense and drove the Turks back, at Tiflis, the Armenians had been standing a siege from the Turks for six months. The Turks had demanded that the Armenians give themselves up, but knowing that they would be butchered, the Armenians fortified the city and remained in a state of siege. The Turks brought up artillery and one of the priests who escaped wrote that the Armenians were bombarded for six months and in the end the city was nothing but a mass of ruins, but still the Armenians held out from a worse fate. When the Russians arrived, the Turks fled taking with them the Turkish population. The order for the massacre of the Armenians all over the country was then issued at Constantinople and it has been going on ever since.

WHEAT MARKET STILL ACTIVE

(Special to The Herald)
Chicago, Nov. 30.—The wheat market was still nervous and excited today on account of the Canadian situation. December wheat opened three quarters higher than last night's close, and ranged down one-half. May wheat which closed yesterday at \$1.08, opened \$1.08 1/4. Corn prices at the opening were unchanged. Oats was one eighth higher.

AUSTRIANS STILL HOLD GORIZIA

With Reinforcements They Make Counter Attacks and Penetrate Italian Position

(Special to The Herald)
Rome, Nov. 30.—Terrific counter attacks by the Austrians with reinforcements which have arrived at Gorizia, resulted in their penetrating some of the Italian positions northwest of the fortress, it was admitted today. The Italians rallied however and decisively drove the Austrians back. The Italians are conducting a vigorous offense on the slope of Monte San Michele, destroying Austrian trenches in furious attacks and taking more than 700 Austrian prisoners.

AN ULTIMATUM TO ROUMANIA

Bulgaria Expects Russian Troops to Cross the Roumanian Territory.

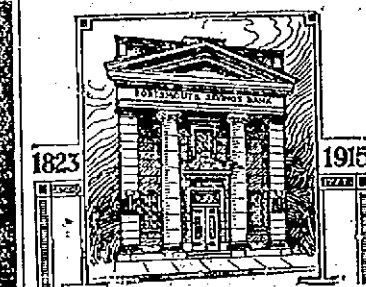

(Special to The Herald)
Rome, Nov. 30.—Bulgaria is reported to have sent an ultimatum to Roumania that it will attack Russian troops if they are permitted to pass through Roumanian territory, and that they will not be responsible for property losses in case of an invasion.

KITCHENER BACK IN LONDON

DEFENSE WAS OVERRULED

Must Continue With Trial of Hamburg-American Line Officials.

(Special to The Herald)
New York, Nov. 30.—The Hamburg-American line directors in their trial here today, lost all of their contentions when the court overruled the motion by William Rand to strike out the Marina Quasada evidence, mentioning the name of Captain Kirk Boy-Ed, naval attache of the German embassy. As to the motion to dismiss, the court said it was inclined to overrule it at once, but on Rand's plea withheld formal ruling until this afternoon when the jury will return.

FLYNN GIVEN WIN OVER AL. NELSON

Fast Bouts Were the Order, at Last Evening's Meeting of the Rockingham A. A.

At the Rockingham A. A. meeting last evening Eddie Flynn of Peabody, Mass., was given the decision over Battling Al Nelson of Manchester in a slashing ten round bout, having to fight every minute of the mill from the starting bell until the bout was over. Flynn came here last night in place of Billie Burke of Lynn who was matched against Nelson, but although Burke was present he was not in condition to go on.

When the bout started it looked as though Flynn was going to have an easy time with the Manchester boy, but he was given the surprise of his young life when Nelson refused to lay dead after the first round and many of the fans thought that the Queen City scrapper should have been given a draw after his game fight.

Both men were willing to fight from the start and after the first round Nelson forced Flynn to keep moving in order to win his decision. Just before the bell sounded to end the first round Flynn cut loose with a terrific right to the jaw, dropping Nelson in his tracks like a log. Had the wallop been sent over fifteen seconds sooner the K. O. sign would have been hung up and the fans have gone home but the one minute rest allowed Nelson to gather himself together and although he had to be led to his corner he started the second round in a way which surprised all the spectators. It was their opinion that he was as good as done for but he came back strong and for nine rounds made Flynn travel all the time.

Nelson did much of the leading and stopped several of Flynn's rushes with his effective straight left to the jaw. Both men were clever and used the kidney punch to advantage. Nelson, after the second round, showed no weakness as a result of his being dropped, and was so strong in the last four rounds that it looked as though he would have Flynn on the mat for the long count. As it was, in the eighth round, Flynn was knocked to the floor but he was up again immediately and finished strong.

For a main bout, this fight was the best that the fans have seen since the

PITTSBURGH STARS, ALL AROUND. ATHLETES, CONTRIBUTED MUCH TO THE SUCCESS OF TEAM.

Pittsburgh, Nov. 30.—The remarkable showing of the football squad of the University of Pennsylvania during the past season under the tutelage of Glenn Warner, the former Carlisle coach entitled it to more than the cursory consideration of the experts in selecting the season's champions and the mythical All American eleven. No fewer than four of the Pittsburgh players have shown enough to be included among the All American eleven, but it is unlikely that the experts will allow more than two of Warner's charges to "thorn in." As those most likely to be selected for the honors are Fry and Sols, two of the most versatile athletes who have ever handled the pigskin, a word or two about their qualifications would not be amiss. Both have played nearly every position on the eleven and have played brilliant-

ly wherever they were placed. Fry, who is 6 feet 1 1/2 inches in height, and weighs 195 pounds has played fullback, tackle, end and guard. He is a great kicker, is fast and has no superior on handling the ball on passes. When he is not playing the role of gridiron hero, Fry amuses himself at baseball and basketball, and he plays both remarkably well, too. Sols is even more versatile. He plays football equally as well as his teammate and besides, is a hero of the track field games, discussing throwing shot putting and hurdling, being his specialties. Coach Warner was fortunate in having two such stars on his squad for his first season with Pittsburgh, and that they are responsible to a large degree for the success of the Warner system and the record of the Pittsburgh squad goes without saying.

meet with popular favor all were agreed that for fast action and clean sport, nothing that the management or the boxers could have done would have made things any better.

KITTERY POINT

The funeral services over Mrs. Etta N. Trefethen were held on Monday afternoon at two o'clock from the vestry of the Free Baptist church. Rev. E. W. Cummings conducted the service. "Only remembered," and "Sacred by Grace," were sweetly rendered by Mrs. Ada Tobey, Mrs. Elizabeth Clark and Mrs. Valda Mace; Miss Francis Emery, pianist. There were many beautiful floral offerings, silent testimonials of love and esteem in which Mrs. Trefethen was held. Francis West, George Kimball, Lucius Selger and Mr. Parker were the pall bearers. Interment followed in the Free Baptist cemetery under the direction of O. W. Ham. Those from out of town who attended were Fred W. Bartor, Miss Ellen Bartor of East Weymouth, Mass., and Mrs. John Davis of St. George, Me.

ATLANTIC FLEET READY TO SAIL

Stay in New York is Concluded and Ships Ready to Leave for Southern Drill Grounds.

New York, Nov. 29.—Officers and sailors of the battleships of the Atlantic fleet which have been anchored in the Hudson River for several days were today recalled from shore leave and preparations were made for sailing. Some of the battleships will proceed to the Southern drill grounds off the Virginia capes, while others will go to navy yards for overhauling. The football championship of the Atlantic fleet will be decided by a game between the crews of the Wyoming and the New Hampshire on Wednesday.

WIND TUNNEL FOR AEROPLANE TESTS.

The largest plant in the world for aeronautical experiments, is at the Washington navy yard and is known as the wind tunnel. The scheme was worked out by navy designers and a huge weight-carrying biplane soon to be constructed at the yard will be built on data gathered from the tests made in the big wooded box where an eighty-mile gale can be created and the effect upon the planes of a proposed aircraft can be weighed to within 1-2000 of a pound.

The present tunnel is a temporary one and navy officers have hoped that Congress will authorize the construction of a permanent aeroplane experimental plant when the value of the scheme is fully realized. The tunnel is eight feet square inside and at one end is an electric fan driven by a 500 horsepower motor. At the opposite end are baffles, or carefully built apertures to allow the blast created by the fan to escape without generating any back pressure to destroy the value of the experiment.

Coming down through the roof of the tunnel is a metal lever to which are attached the model planes to be tested. These are about a foot long, representing the full sweep of a sixty-foot lifting service. They are modelled in exact reproduction of the real planes and can be set at any angle. Above the tunnel is the weighing machine, an intricate system of levers and fulcrums leading finally to the indicator needle, swaying along a graduated quadrant where the divisions are so minute that they must be read with a magnifying glass. The mechanism is so delicately adjusted that a pressure of 1-2000 part of a pound will be noted by the vibrations of the needle. When the plane model to be tested has been set, the big fan is started and a wind force is developed in the tunnel that can be increased or decreased at will. Step by step the operator notes the weights shown by the scale for winds of various intensity and with the plane set

KING AND VENIZELOS, ONCE FRIENDS, NOW OPPOSE EACH OTHER ON WAR.

Photo. by American Press Association.

(In happier days, before war devastated Europe and threatened to draw in Greece, Premier Venizelos (now ex-premier) and King Constantine were friends and in accord in their views of the best interests of their ancient fatherland. It was then that the accompanying picture was made. Now Venizelos wants Greece to align herself actively on the side of the allies, while the utmost that Constantine favors is that regard for "benevolent neutrality.")

at various angles. From his data, he then plots the curve of the lifting power of the plane and the power necessary to drive an aircraft equipped with planes of that type at any desired speed. The results also will show the surface friction of the air against various kinds of material used in plane construction.

By means of the tunnel an aeroplane speedometer is being worked out which will show aviators the exact speed at which they are travelling, indicated on a dial as with an automobile instrument. This is of great importance to air men as the stability of their craft depends largely upon speed and any decrease in speed as shown by the indicator would give warning of engine trouble before the motor actually went dead.

Much experimental work for private aircraft builders is being done at the Government wind tunnel and a systematic series of experiments has been planned to contribute data of inestimable value to aeroplane constructors generally when compiled in tables.

of all acceptable faith. Her superstition was at once corrected by Christ, so that she came to think of Him rather than of His clothes. She was compelled right there to confess Christ. God requires every Christian to confess Him for "with the heart man believeth unto righteousness, and with the mouth confession is made unto Salvation."

ADMITS THEFT OF FORD AUTO

DENNIS F. MCKENNA SENTENCED TO SIX MONTHS TERM IN THE HOUSE OF CORRECTION

Haverhill, Mass., Nov. 29.—Charged with the larceny of a Ford automobile from W. H. Watson of 3 White street, when the machine was left standing Saturday afternoon at 4.30 o'clock in front of the Moore home on West street, Dennis F. McKenna, alias Kakey McKenna, 39 years old, of this city was arraigned in the district court before Judge Winn today.

McKenna pleaded guilty and was sentenced to a six months' term in the house of correction.

McKenna took the automobile and started out for a regular joy trip. He invited another Haverhill man to accompany him, but at Salisbury the two men had an argument which wound up in a fight, McKenna throwing his passenger out of the car and leaving him beside the road. Marks of blood were found on the machine.

At Portsmouth, N. H., McKenna found two more men and invited them to tour the mountains. They accepted. The party came to grief at Dover, where they were arrested by the police as suspicious persons. McKenna was also booked for drunkenness, but when the local police learned of the capture they asked to have McKenna held for the arrival of Haverhill officers. He was brought back yesterday afternoon by Patrolman McLaughlin and Reserve Officer Reynolds for appearance in court today.

For any itching skin trouble, piles, eczema, salt rheum, hives, itch, scald head, herpes, scabies, Don's Ointment is highly recommended. 50c a bottle at all stores.

People who have itched and scratched for years find sleep and rest soon after Cadum Ointment is applied. It is good for eczema, pimples, blotches, ulcers, eruptions, scaly skin, chafings, rash, etc.

It is really surprising how quickly Cadum Ointment relieves the torture and itching of skin troubles. It begins to heal an inflamed, irritated or diseased skin with the first application, and has proved a blessing to many who have suffered for years with distressing skin affections. BOB OTT AGAIN CAPTURES TOWN WITH HIS FUN

"YOURS TRULY" MADE GREAT HIT AT THE PORTSMOUTH THEATRE LAST EVENING IN OPENING NIGHT OF WEEKS STAND.

When it takes two hours and ten minutes to play a one hour and thirty minute musical comedy, as it did last evening at the Portsmouth Theatre, it means that the extra time was taken up by encores. That is what happened when Bob Ott and his company played his first evening's engagement in Portsmouth on his return after his success, seen here last spring.

Bob and his sunny smile is the same as it was since he has been big enough to smile and he brought with him practically the same company he has had for the past four years. After the show last evening in speaking about his eleven encores on his "Beatrice Fairfax" number, in answer to the question, "how do you do it?" he said that he didn't do it but that the work of his little girls made the hit. Perhaps that is so, but Bob is "there" all the time and he certainly helps out a lot.

The new musical number played yesterday was "Yours Truly" and it differs from most of the light musical comedies in that there was a distinct plot running through it and not just a thread on which to hang a lot of songs and dances. There were plenty of songs and dances in the piece and they were all finely executed and the company was of a very high quality.

There were seventeen numbers in the action, all of which are worthy of the highest praise but especial mention is due to "Beatrice Fairfax." "Mother, May I Go in to Swim?" The trio numbers, the tango dance specially by the Misses Tull and Bennett and the quartet number.

The big theatre was jammed and seats were at a premium soon after the doors were opened. Better than that, there was not a person in the audience who wasn't satisfied that he had seen one of the best evening's entertainments the theatre had offered for many months. All of the members of the company are well trained dancers and clever comedians and the singing numbers were presented in a manner which stamped the vocalists as belonging to the class of singers known as artists. Mr. Ott will play at the theatre for the remainder of the week and his company will present a different musical comedy each day. He said that "Yours Truly" was good but that he had others on the program which were better still. At any rate, he was obliged to make several speeches to stop the encores so that the play could go on, and that is going some.

BUSINESS CHANGE.

On Dec. 1, 1915, Mr. Mortimer L. Raynes will become an equal partner in the business now known as the Central Steam Laundry. After that date the firm name will be the Central Laundry Co. Thanking our friends and the public for their very liberal patronage in the past, we bespeak for the new firm a continuance, and can assure you the same prompt service and careful attention to business details.

CENTRAL STEAM LAUNDRY, Per W. G. Wiggin.

The Republican committee of Ward One met on Monday evening with a good sized attendance. Chairman Thomas Eastwille presided and much routine business was transacted during the two hours the committee was in session.

Childish Efforts for Peace.

Efforts to induce President Wilson to move for peace in Europe at the present time are without doubt prompted by the highest motives, but they show a pitiful lack of judgment. People of clear vision, and whose judgment is not warped by sentiment, know that the time has not arrived for such action as the peace makers would have the president take; and that he will be ready to act promptly when the time comes. He has said this much and that is all he has to say on the subject at present, as is eminently wise and proper.

The efforts to bring about peace, in which Henry Ford and other well meaning Americans are engaged, are ill-timed and will amount to nothing. The greatest war in the world's history is in full swing and both sides—for there are only two sides notwithstanding the number of nations involved—are looking confidently for ultimate victory. No issue has been settled, and while it is lamentable that the bloody conflict must go on until there are more definite developments, there is no escaping from the stern fact that such is the case.

The president was called upon a few days ago by two eminent foreign women who urged him to take steps to bring about peace among the warring nations. They went to the White House from a largely attended mass meeting held in the interest of peace and were attentively heard by President Wilson, but failed to convince him that the time is at hand for action on his part. He is reported to have said later that he will be ready to move when the time is opportune, and he will be. This has been his position from the beginning of the war, and all attempts to crowd him from it or urge him to premature action will be wasted effort.

And the same can be said of Mr. Ford's crusade in the interest of peace. His plan of taking an aggregation of peace makers to Europe and putting an end to the war is simply ludicrous. The motive behind this movement will not be questioned, but the movement itself is child-like in its lack of judgment and sense and will amount to nothing in the way of definite results. Mr. Ford has invited a lot of governors to accompany him, but most of them have declined under one excuse or another, at least one being frank enough to state plainly that he had no faith in the undertaking.

President Wilson will know when the time for action arrives, and will stand ready to do his duty. Until that time comes it will be a kindness to him and better for the country to let him alone.

The members of the Woman's Homestead in Massachusetts were a little more grateful on Thanksgiving day than the average run of people. Their special cause for thankfulness was the fact that two bachelor aspirants after the governorship were defeated, Governor Walsh and Lieutenant Governor Cushing, the latter failing to receive the nomination. It is very evident that these women believe married men essential to the homestead movement.

Dining at hotels on Thanksgiving day is becoming quite fashionable and is all right in its way, but while a hotel can provide a good dinner it cannot surround it with the atmosphere of the home, where the joys of the Thanksgiving gathering are not confined wholly to the table, inviting and tempting as that may be.

The storm of Friday was a terror along the coast, and its force was also felt far inland. All sections of the country have their disagreeable experiences, but, on the whole, the eastern states afford as safe a refuge from the natural elements as is to be found.

London is beginning to suspect that the United States is preparing to capture a large share of the world's trade after the close of the war. And without any breach of confidence it may be stated that the Britishers are on the right scent.

That defective Chicago baby made a good deal of stir in the world during the short time that it lived. To many it appears that the matter was given rather more prominence than it was really entitled to.

A New York state farmer complains that his fowls have been shot by near-sighted hunters. But the probability is that the trouble was due not so much to near-sightedness as to near-cussedness.

The indictment of twenty-two convicts in Sing Sing prison for felonies committed in the institution would indicate that reform there, as elsewhere, has its obstacles.

"The war will go on," says a leading New York newspaper. It certainly looks that way "at this writing."

CURRENT OPINION

Nations of America Must Combine for Defense of Continent.

As the peoples of America have today no certainty of what will take place tomorrow in a world disturbed by the spirit of aggression, it is evident that they cannot consider themselves as shielded from all direct danger and much less from the indirect dangers which may arise out of the present conflict.

In the face of such a situation it would be wise not to persist in the illusion of the security in which we have lived, but create for the defense of the continent and for the promotion and assurance of the harmonious development and permanent prosperity of the American nations an organization in itself sufficient to inspire respect.

In this organization, which circumstances indicate as a historical necessity, there falls to the United States the preponderant role, and consequently on it fall the greatest effort and the greatest responsibility.—By Dr. Eusebio A. Morales, Minister From Panama.

PEOPLES' OPINION

Where Does He Fit? Elliot, Me., Nov. 30.

Ever since the town purchased the apparatus for the fire department there appears to be more or less fault found by a South Elliot resident who signs himself "Taxpayer." He seems to stay awake at night in his worry about the department and continues to growl about the use of the apparatus and trifling expenses. I should like to ask him if the men who are giving their services free to the town, and who stand ready to battle with the flames at the risk of life and limb, have ever solicited a nickel from him for anything?

He says the firemen should pay for stoves, chairs, tables, etc. for the fire house. I wish to state on the part of the men of the department that they are not begging from anybody, and if they are called upon to equip the fire quarters from their own pockets they stand ready to do so.

In the past this certain "Taxpayer" has protested against the payment of a just tax, in fact he has been kicking since he was born. He has had his say as to the fire department and it is time he got a new subject for his writings.

ANOTHER TAXPAYER.

FIREGRAPHS

If the boom at Freeman's Point becomes a reality, the fire department should be looking up more auto apparatus, as it is a long and hard run for the horse-drawn apparatus.

Mention was made in The Herald that money from the fire alarm had been transferred to the Public Works. Therefore, the system suffers.

This week occurs the anniversary of two destructive fires in Portsmouth: Congress block on November 30th, 1856, and the Kearsarge Mills on December 4th, 1880.

Will that much needed central station come next year? It ought to. The department has waited long enough and it should be built in the near future.

That South Elliot "Taxpayer" is some kicker against the firemen of the town. Perhaps he was born kicking. OBSERVER.

WHAT DOES YOUR TOWN KNOW ABOUT ITS CHILDREN?

Child Welfare Exhibits is the title of a bulletin issued yesterday by the Children's Bureau of the Federal Department of Labor. This has been prepared in reply to the many inquiries received by the bureau about exhibits, and single copies may be had for the asking. The bulletin will give those who expect to observe the nation-wide Baby Week next March, or those who are planning a baby show, a children's health conference, or any kind of children's exhibit the benefit of expert advice and practical experience in successful exhibit work.

The bulletin is full of suggestions for communities of all sizes. It describes effective small exhibits of one or another phase of child problems. It defines a "child welfare exhibit" in the title of which the name of the city or state appears as a "well-rounded presentation of the whole question of the welfare of the community's children" and sounds a warning against undertaking such a general exhibit without the cooperation of all the social agencies of the community.

The results of child welfare exhibits are emphasized. "A new factory, inspector in Kansas City, a housing inspector in Louisville, a \$25,000 school building in a congested district of Northampton, increased sewer connections in Easthampton where the ice supply of the town was menaced, are types of results which have been secured in practically every community that has devoted sufficient time and thought to the planning of a child-welfare exhibit. In cities where no organized combination of social agencies exists to interpret and carry out the legislative program suggested by an exhibit, the exhibit organization itself is often a first step to such a combination."

The bulletin includes a complete list of all child-welfare exhibits owned by state departments, January 1, 1915, and a copy of the record blank used by the Children's Health Conference of the Children's Bureau.

LOST, \$600,000 A DAY

Fire destroys \$600,000 worth of property each day in the United States and Canada. Much of this is caused by carelessness—because people do not think. Would it not pay to spend a few hundred thousand a year "advertising safety"—telling people what "not to do?" Would it not pay every city—this city—to run newspaper advertising warning people against carelessness? Such advertising would yield great returns in property and lives saved. It would pay for itself in lowered insurance rates before many years. Why not?

SOCIALISTS MAY FORCE GOVERNMENT

To Declare Attitude on Peace—Berlin Interested in the Reichstag.

(Special to The Herald)

Berlin, Nov. 30.—Public attention centered on the Reichstag when it convened in expectation that Chancellor Von Bismarck-Holweg would clarify the food supply situation with an extended statement setting forth the military accomplishments of the Central Powers, and possibly discuss the international relations of Germany in particular with the United States and the submarine issue. Radical socialist members have announced their intention to try and force the government to declare its attitude on the question of peace, but the general opinion is that there is slight chance of any discussion of peace for several days.

The sum of \$200 or more has been appropriated for a choice lunch to be served to the guests.

MAGAZINE SWINDLE WORKED HERE

Arrest Made at Manchester for Fraud in Subscriptions.

Having the credentials of a western circulating company to enable him to sell magazines for the purpose of receiving a college scholarship, but swindling his employees out of the money while his customers never received the books for which they paid, George Vallancourt, aged 25, claiming to live at 9 Willow street, Lynn, Mass., but formerly a resident of Manchester, was arrested Monday night at Manchester by Police Inspectors William Molter and Charles B. Healey in that city.

Vallancourt had successfully worked his film flim, game in Lowell and Nashua and was doing well in Manchester, he tells the police until he was arrested. He had also done some work in Portsmouth.

Vallancourt had credentials from the Atlantic Circulating company of Kansas City, Mo., the credentials made out to George J. Vale, the name given by Vallancourt when he applied for employment. The subscriber was given a choice of twelve magazines and the yearly subscription is 50 cents. He had many purchasers, Vallancourt tells the police, and the money received was appropriated to his own use, the officials declare.

Business fell off in the vicinity of Boston, Vallancourt says, and he decided to work Lowell, Nashua and Manchester where he has many friends. His success in the first named cities was surprising and he then invaded the Queen City and for the past few weeks has been doing a flourishing business.

Vallancourt gave his subscribers a date by which they would receive the magazines, but the books not forthcoming, numerous complaints were made at police headquarters. His arrest was due to information given by a Manchester clergyman who knew Vallancourt personally.

The Manchester police will get in touch with the firm by which Vallancourt was employed and it is probable that embezzlement charges will be pressed against him.

The same kind of a game was worked here last summer, but his credentials seemed O K and no arrest was made.

MAKE NEW CONTRACT FOR PRISON LABOR

Concord, Nov. 29.—Secretary John G. M. Glessner, and Trustee Lyford Morrow, the state prison representative of the board of trustees, have straightened out the matter of the contract for the prison labor, which has been up in the air since last spring. M. W. Whitney the contractor, gave notice last spring that he would terminate the contract in 18 months from that time under the agreement with the state.

The matter was taken up with the contractor by the council prison committee, pending the inauguration of the new board of trustees, but no agreement was reached and Secretary Glessner and Trustee Morrow since their appointment have been dickering with the result that a new contract has been made with the same firm. The firm sought to pay less for the labor, but the board carried their point and the remuneration to the state continues the same.

The contract however, is given the right to terminate the lease, without notice on any date that a possible federal enactment prohibits interstate shipment of prison made goods. Agitation of the last session of congress was responsible for this provision in the new contract.

FIVE KILLED IN FIGHT WITH MINERS

Berlin, Nov. 30.—Prizrend, hence the Serbians fled from their capital, was captured by the Bulgarian troops Sunday, the war office announced today, with 3000 Serbians and three cannon captured. At Dudnick and west of Stitica 1000 Serbians have been captured.

HAS APPROVAL OF GOV. AND COUNCIL

The governor and council has authorized Superintendent Henry C. Morrison of the state department of public instruction to administer the funds appropriated by the Rockefeller General Education board to research in the field of critical study of educative processes. The fund is the one of \$5,500 mentioned recently as having been offered to Superintendent Morrison of the Rockefeller foundation.

Superintendent Morrison said yesterday that he has not shipped out a program, yet but expects to begin the work about December 1. The first steps will be along paths already covered in a superficial manner by Deputy Supt. Harry A. Brown of the pedagogy of reading.

Meanwhile Superintendent Morrison will map out a general program covering the range of elementary work and eventually take up high school problems.

The state has nothing to do with the money appropriated by the foundation, that being turned over to Superintendent Morrison without regard to his official position. The authorization of the governor and council was necessary, however, before Superintendent Morrison felt free to take up the work under the direction of the foundation.

FORMER COUNTY COMMISSIONER DEAD

Former Rockingham County Commissioner, Abram Hilliard of Kensington, Mass., died suddenly at Salisbury, Mass., Saturday afternoon, when he had gone to gather nut hay from his stock. He was stricken while at work and died soon after.

Mr. Hilliard was born in Kensington 67 years ago, and spent his life there, where he was engaged in farming, and of late years conducted a fruit farm. For the past several years he had lived in Amesbury, Mass., but retained his Kensington residence.

Mr. Hilliard was well known through the county from his political record. In 1898, he turned the town from the Democratic ranks and was elected to the legislature. In 1906 he was elected Rockingham County Commissioner on the Republican ticket, and had been a potent factor in politics in his town ever since.

Mr. Hilliard is survived by two brothers, Frank, a leather dealer in Lynn, Mass., and Everett of Boston. His wife died in 1903 and he never married again.

STUBBORN COUGHS, COLDS AND BRONCHIAL AFFECTIONS RELIEVED

With Best Home-Made Remedy—128 Teaspoonful for 25c.

If everything was sold in as liberal a manner as Adams' Drug Store is selling Schiffmann's New Concentrated Expectant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say "Buy a bottle of this new remedy and try it for Bronchitis, Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Dr. Schiffmann's famous Asthmador if it does not give perfect satisfaction, or if it is not found the best remedy, ever used for any of these complaints." In addition to this guarantee, in order that the public might try this remedy without further delay, these druggists announce that they have decided to make an extra inducement and will sell 200 regular 50c size bottles for half price, 25c, to the first 200 persons who sign and present the coupon below at their store. Although they and the proprietor are losing money on every bottle sold at this price, they both have decided to stand this loss, so as to give those who have not yet used this excellent remedy an opportunity of trying it, at their loss, knowing it will be found the best medicine ever used by anyone.

Even though, not in need of such medicine at present, it will pay to obtain a bottle now at half price, as no doubt someone in the family will require it before the winter is over, but you will not have another chance of buying for less than full price.

One bottle makes a full pint (128 teaspoonful) by simply mixing it at home with one-half pint of water, and sugar and one-half pint of water, and makes a whole family supply, and as much as would ordinarily cost from \$2 to \$3 for the same quantity of the ordinary, old-fashioned, ready-made medicine, of doubtful merit and also with a guarantee, like this remedy. It is prepared from strictly harmless plants and is so pleasant that children like to take it and it can be given them with perfect safety, as it positively contains no chloroform, opium, morphine or any other narcotic, as do most cough mixtures. Absolutely no risk whatever is run in buying this remedy on the guarantee of the above well-known, reliable druggist.

If a neighbor or friend would take this loss, so as to give for half the bottle, the cost of half a pint of this excellent medicine would only cost each about 12 cents.

SERBIANS FORMING NEW ARMY

80,000 Escaped Into Albania and Are Being Reorganized for the Offense.

(Special to The Herald)
Salonica, Nov. 30.—Eighty thousand Serbians escaped into the mountains of Albania and Montenegro, according to official reports, and are now being organized into an effective army, which will take the offensive as soon as supplies arrive. In escaping the Teutonic trap, the Serbians had to abandon most of their cannons and munitions.

OBSEQUIES

Charles W. Dennett.
On Monday afternoon, after six weeks of patient suffering, was laid to eternal rest the body of Mr. Charles W. Dennett of Dennett street. He was a man of sterling qualities, always thoughtful of the welfare of others and always trying to do good to those about him, a father who was constantly devoted to his home and children and leaving a vacancy which only time alone can heal.

For nearly six weeks a patient sufferer he bore his illness with Christian patience, and fortitude, never once thinking alone of his pain, but even on his sick bed how he could be more useful to his daughters who so tenderly cared for him. While at first he wished to get well, later he was reconciled to go to his reward and to meet the dear wife who only six years ago had passed away leaving him heart-broken.

Rev. Frank H. Gardner of Cape Neck, his former pastor, assisted by Rev. Percy W. Caswell, the present pastor of his church, officiated and spoke sympathizing words to the afflicted. This was followed by the full Masonic service by the officers of St. John's lodge, No. 1, A. F. and A. M. The Masonic quartet rendered the following selections: "Shall We Meet Beyond the River," "Auld With Me," and "Only Remembered." The mem-

bers of the Masonic lodge acted as pall bearers. H. W. Nickerson was funeral director. A wealth of floral tributes completely surrounded the beloved dead and these were conveyed in a hearse to Harmony Grove and placed in a casket upon and around the grave. They were as follows: Pillow, "Father," family; basket of plinks, Miss Georgia Dennett; wreath of roses, grandchild; spray of chrysanthemums, Mr. and Mrs. Fred Heiser and Mr. and Mrs. William Higgins; spray of chrysanthemums and roses, Mr. and Mrs. Arthur Parson of Rochester; spray pink snapdragon, Mr. James Pringle; spray roses and white plinks, teachers of Farragut school; spray plinks, Miss Alice J. Newton and A. Ruth Shapley; spray of Easter lilies, Mr. and Mrs. F. T. Osgood of Everett, Mass.; spruce and compass, St. John's lodge; spray of chrysanthemums, George H. Morrison and family; spray of chrysanthemums, Mr. and Mrs. Frank E. Watson; spray of chrysanthemums, Mr. and Mrs. B. A. Reick; spray of chrysanthemums, Mr. and Mrs. George A. EARLY MORNING FIRE

Unoccupied Buildings Destroyed at Dover.

The house, barn, and other out buildings owned by George Whipp on the Rochester road on the outskirts of Dover were totally destroyed by fire early this morning. The buildings were unoccupied and the Dover firemen who were called, believe the blaze was of incendiary origin. The loss is less than \$2,000.

"THE SCOTCH HIGHLANDERS" SCORED BIG HIT

THREE GOOD ACTS ON THE COLONIAL THEATRE BILL FOR THE THREE OPENING DAYS

Three fine vaudeville acts at the Colonial Theatre pleased a big audience last evening and were well received. The Scotch Highlanders, an act composed of four men and four women, in native Highland costumes, headed the bill and presented their "home" songs and dances in an excellent and finished manner. "The Maid of Dundee," "Auld Laire," and the dances, the claymore and the highland fling, together with the pipes and drum scotch band, were the best numbers. The Scotch Highlanders will be classed as one of the best of the "quality" acts playing at the Colonial Theatre on the present policy of the management.

Knise and Dunn also proved to be favorites with their singing and whistling act. Miss Dunn's whistling as well as her singing was far above the average vaudeville artist. There was nothing but straight musical merit in the act.

The clever burlesque magic act as presented by Canaris and Cleo was full of good tricks and laughs. Mr. Canaris' tricks were mystifying and amusing and his little comedy was refreshing. The entire bill is strong and one of particular merit of the best quality.

ONE WAY OF SPREADING CHRISTMAS CHEER

As the Yuletide season draws near all of us begin to make our plans for the one day in the year, when we try to make our friends happy by remembering them with gifts.

Last year the Young People's Union and the Sunday school of the Universalist church with the aid and co-operation of the public, endeavored to bring Christmas cheer to a great many little tots who would have otherwise received a very scant visit, if any, from Santa Claus.

Although we hardly deem it necessary, nevertheless we feel that for the benefit of those who are unacquainted with the work that we did last year, we should explain again that this work is of non-sectarian nature. We are not looking for fame nor do we claim the credit of doing this work; we are simply taking the initiative and asking you all to join with us and help to make this the most glorious Christmas the needy children of this city have observed. And we know from our own experience last year, that you will enjoy the day all the more for participating in the work.

We were not satisfied to simply look up the children whose names were brought in by those who were working with us, but we got in touch with the leaders of the several charitable organizations in the city who gave us

lists of names of children who had come under their notice. We also received many letters asking for aid. We carefully investigated all these cases with the result that with the aid of the public, which so generously responded to our appeal, we were able to furnish clothing (this first including a pair of stockings and a pair of mittens to each child); toys, candy, fruits, nuts and other such things as were donated to over one hundred children.

Now having started this work, we feel that we have no right to refuse to attempt it again, and while we realize that at this particular period in the affairs of the world, there is a great deal of suffering, consequently a great demand for aid, we do not hesitate a second to ask the people of this city as individuals and as organized bodies to help us in this work.

Please think this over, so if you have a few toys, or no further use to you, yet should be a source of delight to some little child. Or perhaps some can spare us a little money, no matter how small the amount, or some candy.

In fact anything that you are willing to give for the little ones.

Certainly there is no better way to observe the anniversary of the birth of Christ than by helping these little ones of whom He said: "Inasmuch as ye have done it unto the least of these, ye have done it unto Me."

Concord, Nov. 29—Judge Oliver W. Branch after a conference with Attorney General James P. Tuttle, Attorney George V. Hill and Senator Nathaniel B. Martin, counsel for Morrison H. Peaslee, ordered a postponement of the trial of Peaslee for the murder of his father, Howard A. Peaslee, to December 27. The date originally set was December 6, but Messrs. Hill and Martin told Judge Branch that they had been so busy with other cases at the present term of court that they had been unable to prepare properly for the trial next week.

BIG INCREASE IN AUTO TAX

State Makes Gain of 31 Per Cent. Over Last Year.

Congress, Nov. 28.—The receipts of the motor vehicle department for 1914-15 amounted to \$257,775, of which amount \$238,191 was available for state highway maintenance. That represents an increase of \$61,625 over the receipts of 1914-15, the percentage of increase being 31.3.

Commissioner Arthur L. Willis has prepared an interesting table of figures showing the amount of income the state has derived from motor vehicle license fees since the state began to collect from the automobile owners.

The law providing a license fee became operative May 1, 1905, and that year the secretary of state, then in charge of the department, took in \$4,097. That does not represent a fair day's income in the busy season nowadays.

At that time the charge was \$3 for a license without regard to the machine that was licensed. In 1906-07 the department received \$7,774, but in 1907-08 there was a falling off, the total receipts being only \$5,667. The following

year it increased to \$8,460, that being the last year of the \$3 fee. The legislature fixed a flat rate of \$10 for 1909-10 and the receipts from licenses quadrupled, jumping to \$43,261, and the next year Secretary Pearson took in \$68,009.

The legislature again took a hand in the motor vehicle business at this stage abandoning the flat fee basis and going on a horse-power basis. This was responsible for another big increase in the income, jumping the first year under the new amendment to \$117,316. There has been a steady increase since, 1912-13 bringing in \$153,833, and in 1913-14 it was \$195,151.

Commissioner Willis is of the opinion that the percentage of increase will not be so great the coming year, as last year, but he expects to see a substantial increase. Figured on the normal average increase since the fees were collected on the present basis, 1915-16 should see about \$200,000 paid over to the department by motor vehicle owners, with approximately \$275,000 available for state highway work.

Commissioner Willis has a complete tabulation of offenses against the automobile laws of the state during the past three years, which shows a large increase during 1915 over the previous years. Speed merchants were the most numerous, among these held up by the police, 99 being the number, as compared with 21 last year and eight the year before.

Mixing gasoline and liquor was also more common this year, according to

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit, laxative"; they love its delicious taste, and it always makes them feel splendid!

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Syrup Company." Refuse any other kind with contempt.

police records there being 42 drivers charged with that, as against 14 last year and nine the year before that. Thirty were charged with failure to carry papers this year, 14 without plates, 13 reckless operators, 14 unreasonable operators, 20 driving while unlicensed, 12 driving while unregistered, 2 failing to give signals, 4 refusing to stop, 2 charged with manslaughter and one having counterfeit plates. Lack of proper lights got eight into trouble.

There was a total of 162 offenses this year as compared with 83 last year and 26 in 1913. It is not likely however, that the drivers are becoming so much worse as the record shows. What is more probable is that the police are showing a livelier concern for proper observance of the laws by automobilists and when the heedless or criminal autoists realize this changed attitude there will be a falling off in offenses.

BOSTON LETTER

Boston, Nov. 29.—College men entering the employ of railroads are oftentimes not fit to hold down the job of an office boy, declared John J. Ford of the Brotherhood of Railroad Clerks at a hearing before the recess committee on terminals which is studying the question of transportation in Boston. Ford did not speak on the question of terminal facilities but merely brought word that labor men would fight any attempt to place railroad position under civil service. A college man could get 100 per cent he said, while a railroad man 50 years in the business would be lucky to get 10 per cent.

Massachusetts leads in enrollment of students at Harvard, with 1865 men, a falling off from last year's figures. New York is second with 151, and Pennsylvania third with 178. Boston has enrolled 306 men, with Cambridge second with 254; New York third, with 137 and Brookline fourth, with 127. Canada tops the foreign country representation with a registration of 37, with China second, with 22 and Japan third, with 19.

Election dates for the thirty-six cities in Massachusetts have been announced by the Secretary of State's office. Fourteen cities will hold their elections on December 7, eighteen on December 18 and four on December 21. Leominster, "the baby city of the Com-

GOOD NEWS

Many Portsmouth Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the many bad back sufferers in Portsmouth are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experiences with this tested remedy. Here is an example worth reading:

Mrs. Olive Winn, 100 Myrtle Ave., Portsmouth, says: "My back and kidneys gave me a great deal of trouble. The pains centered in the small of my back running into my head and causing dizziness and headache. My kidneys were too frequent in action and the kidney secretions caused annoyance. I used Doan's Kidney Pills, procured at Philbrick's Pharmacy, and they soon gave me excellent relief and corrected the action of my kidneys. I use Doan's Kidney Pills occasionally, as a preventive."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Winn had. Foster-Milburn Co., Props., Buffalo, N. Y.

wealth" will hold its first municipal election on Dec. 21. Two cities, Cambridge and Salem, will hold their elections two weeks later. This year than usual, the reason being that new charters were adopted at the state election. Election dates of the various cities are December 7—Brockton, Fall River, Fitchburg, Gloucester, Haverhill, Holyoke, Marlboro, New Bedford, Northampton, Pittsfield, Quincy, Springfield, Taunton, Waltham; December 14—Attleboro, Beverly, Boston, Chelsea, Chicopee, Everett, Lawrence, Lowell, Lynn, Malden, Medford, Melrose, Newburyport, Newton, Haver, Somerville, Woburn, Worcester; December 21—Cambridge, Leominster, North Adams, Salem.

From the political viewpoint, one of the most important matters to come before the Legislature of 1916 is the redistricting of Massachusetts into eight congressional, forty senatorial and 240 representative districts, which the law requires shall be done every ten years. A study of the procedure of redistricting the political units of the Commonwealth is interesting. The Legislature itself divides the state first and finally so far as the congressional and senatorial districts are concerned. This, however, is not true of the representative districts, for the Legislature, after deciding how many of these districts shall be allowed to each county, leaves the matter of fixing the districts to the county commissioners.

License plates for 1916 will be decidedly different from those that have been attached to Massachusetts automobiles in the past. The coloring will be changed and the plates will be of a cheaper grade, according to announcement by the Highway Commission who are making ready for the annual rush of registration. Up to the present the number of plates in even years have had a pure white background with blue letters. The plates for 1916 will be a cream white, as it has been decided by the Commission that the numbers can be read better when they have a yellow tinge in the background than with pure white, as there will be less reflected light.

BOB OTT & CO. IN "THE COMMODORE" ON NEXT THURSDAY MATINEE AND NIGHT.

The trouble with most of our musical farces is, their utter failure to meet even the common place things in life on equal terms. They seldom strike a human note, even in the moments of supreme dramatic triumph. Of course you laugh at ingenious situations and comical characters—sometimes you giggle in the wrong place and disturb your more serious minded neighbor who is trying to believe all that is taking place on the stage.

That is what keeps you on speaking terms with many plays that are written for no other purpose than to push the funny side forward. As the mission of farce does not extend beyond mere amusement, it will be useless to discuss qualities to which it makes no pretence.

"The Commadore" is correctly advertised as a musical absurdity. This comedy opens the sluices of one's glee and draws forth laughter in torrents. The story of the play is as follows: Commodore Dowling, of the Marine Club, is about to be married. The night previous to his marriage, the boys of the club decide to give him a bachelor supper. They invite Molly Thayer and several of the chorus girls of the Little Playhouse to entertain the guests. The great event is supposed to be a great surprise. Molly arrives upon the scene. She is an old sweetheart of the Commodore's. They meet face to face. Molly tells him she simply called to denounce him, etc., etc. At the same time, Harry Merril, Dowling's future father-in-law, appears at the club. He has followed Molly. When she learns of the coming marriage, and of Harry's appearance at the club, she phones Mrs. Merril and the daughter, Melba, inviting them to attend the bachelor supper. Later they drop in. Situations follow. Molly tells Harry about the Commodore's past, etc., etc. Harry confesses to the Commodore that he has lost his fortune. At the last moment, the Commodore cancels his marriage with Melba. About this time, Harry explains to the company that he has told a lie—that he didn't lose his fortune—that he only concocted the story to try Dowling. Excruciatingly funny situations follow. The piece is replete with up-to-the-second musical numbers, elaborate costumes, beautiful girls, picturesque scenery, and electrical effects. Don't fail to see the Jay-Jay Bob Ott and the large, beautiful chorus in the Commodore at the Portsmouth Theatre next Thursday, matinee and night.

The railroads interested are the St. Louis and San Francisco, the Atkinson, Topeka and Santa Fe, Rock Island, St. Louis, Kansas City, Colorado and Kansas City Southern Railway, Missouri, Kansas and Texas, Burlington, St. Louis Southwestern Railway Co., Missouri Pacific Railway Co., St. Louis, Iron Mountain and Southern Railway, Wabash Railway, Chicago, Milwaukee and St. Paul Railway Co. and the Chicago and Alton Railroad.

The legislation of which the litigation grew, was passed by Missouri in 1907. It covered both freight and passenger rates. These rates were promptly enjoined by the lower federal courts in the same year while the final appeals were not decided by the supreme court until 1913. For the intervening period the shippers had to pay higher rates than those provided for by the laws passed by the Missouri legislature in 1907. The U. S. district court for the western district of Missouri in which the cases were tried, upon receipt of mandates from the supreme court of the United States entered decrees dismissing the bills of the railroads and reversing the old decrees. Suits were brought in the state courts on the part of shippers to recover the amount of their claims. The railroad urged the federal district court to reserve jurisdiction over the question of liability of the railroads in the claims cases so that these claims might be settled more economically and expeditiously in the federal court. This court, however, held that under the mandates of the supreme court of the

FAMILY OF THE LATE CHAS. W. DENNETT.

All paths lead to the Portsmouth Theatre this evening where Bob Ott is playing. Last night the house was sold out.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapiesin" is the quickest and surest stomach relief.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you feel gas and cruetate sour, undigested food, or have a feeling of dizziness, heartburn, flatulence, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh; and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

DECISION AGAINST RAILROADS

Washington, Nov. 29.—Announcement was made in the supreme court today that the twelve trunk railroads who have been fighting the decision of the Public Service Commission of Missouri to adjust the claim of shippers who have sued for \$5,000,000 excess rates have abandoned the fight. This arose out of the fact that the federal court permitted the railroads to charge higher rates than they were justified under a decision of the supreme court in 1913. The railroads' appeals were dismissed and the shippers may collect in the state court of Missouri.

The latest phase of the Missouri railroad rate litigation to reach the supreme court concerning the prime court concerning the adjudication of approximately \$24,000,000 worth of claims of shippers arising in the period between the time when the trunk lines in Missouri obtained an injunction against the Missouri rate laws and the time when the supreme court dismissed the trunk lines' appeals. Those appeals which were dismissed today were of course, in cases in which the lower courts and the supreme court held that the rates were not confiscatory.

The railroads interested are the St. Louis and San Francisco, the Atkinson, Topeka and Santa Fe, Rock Island, St. Louis, Kansas City, Colorado and Kansas City Southern Railway, Missouri, Kansas and Texas, Burlington, St. Louis Southwestern Railway Co., Missouri Pacific Railway Co., St. Louis, Iron Mountain and Southern Railway, Wabash Railway, Chicago, Milwaukee and St. Paul Railway Co. and the Chicago and Alton Railroad.

LAST DAY SPENT ON MESSAGE

Washington, Nov. 29.—President Wilson returned from New York early today and immediately went to the White House and began work on his next annual address to Congress.

On the return trip the President was accompanied by Senator Hughes of New Jersey, Secretary Tamm and Dr. Cary T. Grayson, the White House physician. Mrs. Norman Hall, his fiancée, remained in New York to purchase parts of her trousseau.

The President has the main outlines of his address to Congress finished and expects to get it in final shape for the public printer today.

While in New York the President is understood to have discussed the outlook for peace in Europe with Colonel W. M. House, who went abroad several months ago to investigate the situation for the President. It is not believed, however, that the President will initiate a conference of neutral nations to attempt to end the war, as suggested to him last week by a delegation of peace advocates.

CHRISTMAS SALE AND ENTERTAINMENT

The annual Christmas sale of the Young People's Union of the Universalist church will be held in the vestry Tuesday and Wednesday of this week. The sale opens each day at 3 o'clock in the afternoon. Admission in the afternoon is free. On Tuesday evening the drama "Wagner at the Smallville Woman's Club" will be presented. Admission 10 cents.

Wednesday evening the Union will serve a "B. B." supper at 6.30 o'clock. It is hardly necessary for us to say much about this supper as the Universalists are noted for the good supper that they have served in the past, and this one will be no exception. The price of this supper is only 15 cents.

HARRY HOBBS IS HELD FOR UPPER COURT

Furnishes Bail of \$1000 for His Appearance at January Session.

The arraignment of Harry H. Hobbs of Atkinson, N. H., who on Saturday evening, November 13th, forcibly kidnapped his wife, Mrs. Milla Damon Hobbs from the home of Almon H. Jeness of South street, took place Tuesday morning in the municipal court before Judge Ernest L. Capill. Shortly before ten o'clock Hobbs was brought from the jail handcuffed to Deputy Sheriff Wilbur B. Shaw.

The state was represented by County Solicitor Albert R. Hatch while Chester Woodbury of Haverhill, Mass., appeared in behalf of the respondent.

When the case was called Hobbs through his counsel waived an examination and Judge Capill ordered that the respondent be held in the sum of \$1000 for his appearance at the January session of the superior court which convenes at Exeter. Bail was immediately furnished, a cash deposit as well as a loan on real estate owned by Hobbs being given as security. The court proceedings only occupied about ten minutes.

COLONIAL THEATRE "The Theatre Beautiful"

We are certainly presenting a headline bill this week, and you will regret it if you don't see it. Over performer is a topnotcher—vaudeville of the finest kind. There is plenty of music, plenty of lively songs, and plenty of witty comedy. If you are feeling blue, come into the show tonight and we'll warrant all dull care will vanish. Remember, "Laugh and the world laughs with you; cry and you cry alone."

TRY OUT DIGGERS

New Apparatus at Coal Docks Works Excellently.

The new coal digger and hoisting apparatus of the Consolidation Coal Co., recently installed at the docks on Market street, on Tuesday worked very satisfactorily. The cable railway was also tested and found to be perfect in every way. The new digger has a capacity of 150 tons per hour. Another trial of the same will be given on Wednesday.

COLONIAL THEATRE

Home of Refined Vaudeville. Safety and Quality First.

"THE THEATRE BEAUTIFUL"

The Scotch Highlanders scored a tremendous hit last evening. Their act is the best seen for a long time. Canaris and Cleo with their Parisian magic act kept the audience in a continual roar of laughter and the singing and whistling skit put on by Knise and Dunn was of the high grade quality and was greeted with much applause.

In what better way these cool fall evenings could you spend an evening than at this luxurious playhouse? Invite a friend or two to accompany you, or better still make up a theatre party among your friends. Our motto is "Quality First" and the show we present is one of the best in New England at the price.

Our Vaudeville Program

The Scotch Highlanders, 5 women, 3 men. A high class musical and dancing act.

Knise and Dunn, Singing and whistling.

Canaris and Cleo, A clever burlesque magic act.

WE LEAD, OTHERS FOLLOW—NUFF SED.

Harry Lauder will arrive for one night's engagement at the Colonial Theatre on Friday evening. Harry is just as big a sensation as he was when he made his first appearance in this country several years ago.

Our overcoats will stand the most critical inspection. The "inside works" or "vitals" upon which the life or wear of a garment depends are the best that can be put in. We refer particularly in this statement to our Stein-Bloch and Kuppenheimer overcoats, than which no better can be made. A big selection of fabrics offered in both lines—\$18.00, \$20.00, \$22.50, \$25.00.
